

Ashbury students have the opportunity to take part in a variety of skill-building experiences throughout the year. Each offers unique skill-building and the chance to connect with peers on national and international levels.

Summer Scholarships

Research Science Institute at MIT: a five-week science and technology program at MIT for a Grade 11 student. <https://www.cee.org/research-science-institute>

Students on Ice: A two-week voyage on a boat from Arctic to Greenland exploring the region's biodiversity, history and local cultures and customs. <https://studentsonice.com/>

IB Student Conference of the Americas: two positions for Grade 11 students at a one-week conference for youth studying IB Diploma

Mid-Year Opportunities

Forum for Young Canadians: three subsidized positions over the March Break for Grade 10 and 11 students. <http://forum.ca/?lang=en>

For more information on these opportunities, please contact Padme Raina (padme.raina@ashbury.ca), Director of Partnerships and Programs.
