

Co-curricular Equivalency Form

The expectation is that students should get engaged and involved at Ashbury. Students in Grade 9 and 10 should be involved in three terms of activities, Grade 11s at least two terms and Grade 12s at least one term. It is recognized that many students are involved in activities outside of the school that make this expectation a challenge. We encourage students to find a balance among their Ashbury and outside of school commitment. If a student is involved in an outside activity, we ask that the Co-curricular Equivalency Form be filled out and provided to the Athletic Director (can be submitted to the School Reception) at the beginning of each term. If you have any questions about your child's overall involvement and engagement in and out of school, we suggest that you contact the Teacher Advisor.
