

Grade 12 is the second of two Specialization Years. Students develop an increasingly individual approach to their studies based on their academic strengths and interests, and intended concentration at university.

Grade 12 students take 6-7 credit courses. All students take a mandatory IB English course (Higher or Standard Level). The remaining 5-6 courses are electives with up to 3 taken at the IB level. Students require 30 credits to graduate with an Ontario Secondary School Diploma (OSSD).

Grade 9	Grade 10	Grade 11	Grade 12	Total
8 credits	8 credits	7 credits	7 credits	= 30 credits
		8 credits	6 credits	= 30 credits

Reach Ahead: Some students take summer school courses to reach ahead or to redo courses. This may alter the above progression; however, they MUST graduate with at least 30 credits that include the 18 compulsory credits required for the OSSD. We prefer that students have 31 credits by the end of Grade 12. Reach ahead credits cannot be used to reduce the expected minimum course load.

IB Courses: Students not enrolled in the full IB Diploma program may choose to take some IB courses. These are two-year courses at the end of which students write an IB exam. In consultation with their Academic Advisor, students determine if they will take a higher level (HL) or standard level (SL) IB course.

Ashbury Diploma: The following courses will satisfy the global studies requirement: CHY4UB - IB History Year 1; CPW4UB - IB Global Politics Year 1; CGR4MB - IB Environmental Systems and Societies; CIA4UB - IB Economics Year II; CHY4U - World History; CGW4U/F - World Issues (English or French); and CIA4U - Grade 12 Economics.

Ashbury Bilingual Diploma: Students enrolled in Extended or Immersion French may select one or more of the following elective courses to fulfill the 7 courses required for the Diploma: CGW4UF, HSB4UF.

University Admissions: Admission to universities requires the OSSD (some universities will admit students on the basis of the IB Diploma alone), including a minimum of six 4U/M courses. Some universities will only accept two 4M courses, depending on the university and program, as part of the courses used in the admissions average. Ashbury prefers that students graduate with seven or more 4U/M level courses. Please note: Healthy Active Living (PPL4OC) counts as a Grade 12 credit but universities do not recognize it for admission purposes.
